Owners and Managers of Three Picture Theaters Confer — To Cut Bills or Raise Prices.
The proprietors and managers of the three nickel theaters, the Bijou, Elfre and Scenic Temple, met in conference Wednesday with a view to effecting a syndicate, or something of the kind.

A merry race has been run by the rival houses during the past year, so much so that two of the houses have changed hands within a few months, and as a result of the rivalry, realizing the fact that the public alone benefited, the proprietors and managers are said to be about ready to call a halt and declare the race off by combining or arriving at some mutual understanding whereby all may be allowed to get a piece of the public's money and keep it.

It is understood that after Saturday night the bills at the various houses will all be cut down and instead of the usual vaudeville turns in addition to songs and pictures the former will be wiped off the boards and the public will only be provided with illustrated songs and a reasonable number of moving picture reels as its amusement afternoons and evenings for the balance of the summer months.

With the advent of fall and cool weather a scheme is being devised to take on a few vaudeville features to supplement the contemplated summer programme, but to raise the price.

The members of the nickel theater trust, when conferring with regard to the result of the meeting Wednesday, emphatically stated that no agreement had been reached or nothing for publication, as the meeting was adjourned until a later date.

It is believed, however, that practically everything is settled amicably and that the new schedule will become effective next Monday.

Truck Sank Through Road Surface.
A boiler weighing several tons and consigned to the Thistle Worst Co. at Elmville was transferred from a truck to a horse-drawn wagon opposite the Dexter building the rear wheels of the big truck on which the boiler was loaded sank into the surface of the street at a point where the macadam had been torn up early in the week in excavating for sub-surface pipes.

ALL-NIGHT LIGHTS.
Borough Citizens Petition for Such Service.

A petition was circulated Wednesday in the interest of securing an all-night street lighting service for Danielson. The petition, which is to be presented to the warden and court of burgesses, asks that a class be created in the town for the purpose of securing a street lighting service to be held May 28, that will allow the citizens to express their wishes in the matter. More than fifty signatures were secured to the petition during the first few hours of its circulation. Nearly all the business men on the street are among the signers, the great majority of whom are also taxpayers.

At the present time the street light service is suspended after midnight. Advocates of the all-night service say they would rather have the street lights on from midnight to daylight than they would to see half a dozen officers on duty.

The signers of the petition reside in all the sections of Danielson. Just what the cost of the additional service would be has not been definitely determined. In any event, it is believed the town will be so excessive as to prohibit the adoption of the plan which would also prove very costly.
